

UWSCOLLEGE

Study Tours/Short Courses

Concentrated educational
and cultural experiences...

Learn **English** or immerse yourself
in an **international experience** in
your chosen **field** while
enjoying the **unique history**
and **culture** of **Australia**, the
world's favourite destination.

UWSCOLLEGE

Located 25 minutes from the heart of Sydney. Study with Australian and overseas students from over 40 countries.

Tailor-Made Tours

Each Tour is different. You supply the groups, tell us what you want and we'll design a program to meet your needs. Being part of the University of Western Sydney, we can draw upon their extensive resources and expertise to fulfill your requirements.

English Courses

No matter how long you want to stay, you can combine full-time studies with weekend activities or part-time studies (typically morning) with activities and cultural excursions in the afternoon.

A combination of English Language tuition and excursions allows participants the opportunity to experience local culture and provide practical application of the English Language.

The program can be designed so that morning English tuition prepares students for afternoon activities and would be tailored to your student's English Language capability.

Some examples of our English plus courses:

- English Language
- TOEIC Test Preparation with TOEIC Test
- English combined with academic subjects in Business, Communication or Computing Business English
- English for High School or University Students
- English for Specific Purposes
- IELTS Preparation Courses
- English for Academic Purposes
- English for Flight Attendants
- English for IT professional
- English for Teachers
- English for Travel/Tourism
- Teacher Training/ TESOL Refresher course for teachers
- Translating and Interpreting

Want more than English

We understand not all groups are here solely for English studies. There are many groups or organisations that are looking for an international experience in a specific field. We have run many successful study tours for students in Law, Business and Education to name a few. Arrangements range from courtroom and judges chambers visits with an address from prominent Sydney Judges, to public and private school visitation as well as visits to the Australian Stock Exchange. (See sample itinerary on the back page.)

Academic Rigour

We have built a national and international reputation for the quality of our English Language programs and the successful results we deliver for our students.

All English programs have full accreditation with NEAS Australia. The College is a member of English Australia, ATESOL, and UECA, three professional associations that provide quality assurance for students.

We are a Registered Training Organisation (RTO) fully accredited by VETAB.

We are also recognised and certified by the Government of Australia (CRICOS provider code 02110M). This means that the Australian Government has licensed us to teach international students, so your studies at UWSCollege are highly regarded.

Cultural Activities

Sydney is a truly international city, modern and cosmopolitan; a must see destination for tourists from around the world. With a wonderful climate, clean white sandy beaches, awe-inspiring natural beauty, and a unique cultural heritage. It's ranked as one of the world's best places to live.

A study tour is the ideal way to discover Sydney and to improve your English at the same time.

What you can see . . .

Your excursions and activities can include visits to some of Sydney's world famous attractions, such as Sydney Opera House and the Harbour Bridge. You'll also get a taste of Australia's natural beauty with a visit to the pristine Blue Mountains, a World heritage listed National Park, taking in Australia's most popular natural tourist destination, the Three Sisters. Other excursions will take you to see more unique and intriguing Australian animals and a visit to a real working Australian farm.

Student Support

Living overseas in a foreign culture often with language barriers is both exciting and challenging. We want to help you settle in as quickly as possible. Our students receive an orientation upon arrival and have access to our Student Support Counsellors. Each tour has a Study Tours Manager assigned, whose responsibility is the smooth running of your program. We pride ourselves on our Pastoral Care for all our students.

What kind of support will my group receive?

Participants in our Study Tour Programs can enjoy the following services:

- Meet and greet
- Transfers from major airports to the campus
- Scenic stops
- Program orientation
- Placement tests
- Homestay accommodation with two meals per day during the week and three meals on week-ends
- Fully furnished self-catering apartments, if preferred
- Access to a wide range of campus facilities including: student counsellors, computers and library
- Transport and entrances to all activities as agreed
- Interpreters available upon request
- Graduation ceremony with certificates.

How much?

Because each study tour program is different each program is individually costed. The larger the group the cheaper the programs tend to be. We can also design programs to meet your budget.
